

DEIBEL, J. WELLS WINNERS IN GOLF MATCH IN SALEM

French And Ed Wells Lose Interesting Exhibition Match.

PLAYERS FOLLOWED BY LARGE GALLERY

Joe Kirkwood, Witnessing Match, Praises Salem Golf Course.

Playing an exhibition match before a large gallery at the Salem Golf club Wednesday afternoon, Joe Wells of East Liverpool and Christy Deibel of Youngstown won, four up, from Emmett French of Youngstown, and Ed Wells of East Liverpool.

Interest in the match was keen, because this was the first time expert golfers had played the Salem course. French turned in the best medal score of the match, going out in 36 and coming back in 38 for a total of 74. Joe Wells, former Ohio champion, went out in 37 and back in 42 for a total of 79. Deibel turned in a score of 80 and Ed Wells 86.

The golfers were followed by a large gallery which displayed great interest in every stroke, in the stance, selection of clubs and the ease with which the golfers played. While there was little of the spectacular, the playing of Joe Wells and French, especially, started the gallery several times and brought deserved applause.

The driving of all four players was the most spectacular performance of the day and in this Deibel and Ed Wells frequently shared honors with the more experienced golfers. On the second round Deibel scored a birdie two on the sixth hole and several other opportunities of the four some to make a birdie after brilliant drives were lost because of poor putting. Only one long putt, that of Joe Wells, was made during the afternoon.

An Exhibition Drive
Excellent marked shots in almost every instance marked the playing and Emmett French's long and accurate iron drives brought much applause. Ed Wells, who filled the foursome when C. L. Sebring injured his hand, played good golf under the circumstances and brought down the gallery with his drive on the sixth hole in the first round. The ball dropped near the cup and had he not experienced bad luck in putting he would have made a birdie two.

French gave an exhibition drive from the fourth tee that carried his ball beyond the ravine, but during the playing all the golfers placed their shots on top of the hill for a better approach to the green.

One slight accident marred the afternoon's match. On the second round Deibel's drive from the fourth fairway struck City Auditor J. S. McNutt on top of the head, inflicting a painful scalp wound.

Honorary caddies for the day were C. C. Gibson, Ray F. Carter, L. H. Brush and C. L. Sebring.

Kirkwood Praises Course
Interest in the day's program was added by the appearance of Joe Kirkwood, famous Australian golfer, who followed the players. He was a guest of Emmett French. Efforts to have (Continued on sixth page.)

FAIR RACE ENTRY LIST IS GROWING

Larger Class Than Usual Entered For Lisbon Fair Attraction.

Lisbon, Aug. 30.—J. R. Morrison, chairman of the race committee of the Columbiana county fair, stated Thursday morning that the six big races carded for the annual fair beginning Sept. 12, are filling up rapidly with entries and that by the opening day there would not only be a larger class than usual but that some of the best horses in Ohio and Pennsylvania in the classes for each of the big events would face the starter.

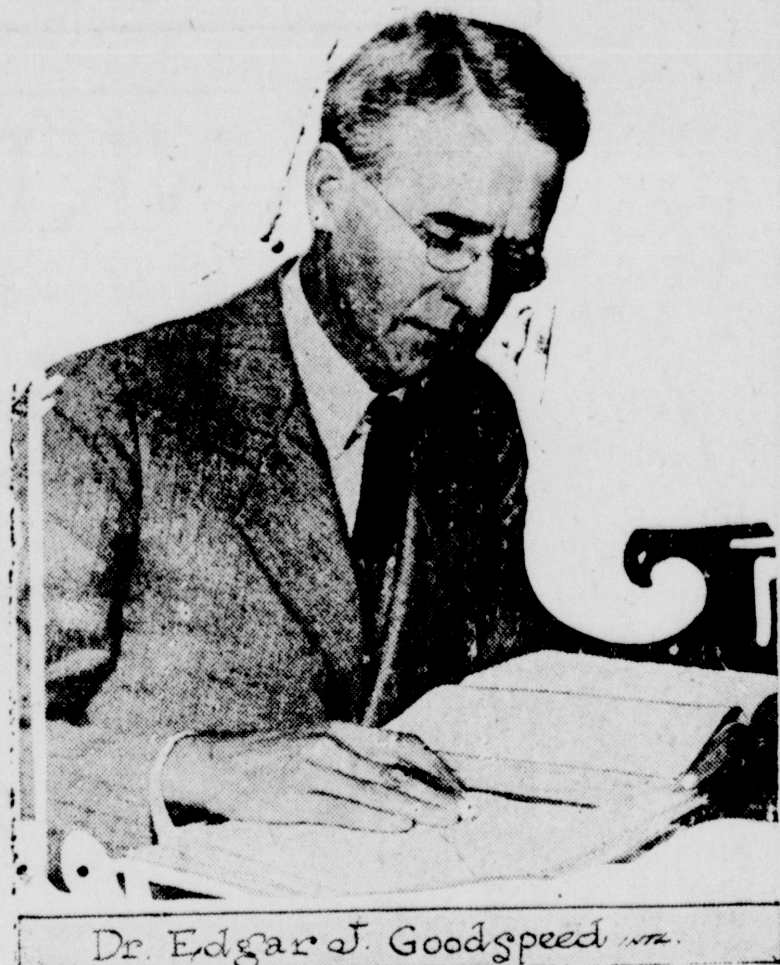

Morrison attended the fair at Warren Wednesday and came home with a large list of entries. He will attend the Canfield fair next week where he will act as starter and expects to bring an added number of entries home with him.

In liberality in offering five prizes for each race has proven a big incentive to horsemen and when the first race is called one of the best racing cards that has ever been gathered together at a local fair will face the starter.

Former Congressman Is Sued For \$100,000

Washington, Aug. 30.—Manuel Herrick, ex-congressman from Oklahoma, was made defendant here today in a damage suit for \$100,000 brought by Miss Ethel Crane, a government clerk. The suit was filed in district supreme court and is a counter action to Herrick's suit for \$50,000 against the girl for alleged breach of promise to marry him.

Re-Writes Bible In Vernacular

Dr. Edgar J. Goodspeed

Dr. Edgar J. Goodspeed of Chicago has rewritten the New Testament in modern vernacular, casting aside out-of-date language that was used in the St. James version and doing away with the complicated writing of the early scholars. In this version characters speak like every-day moderns. Women buy pounds of things with dollars and cents and grain comes in bushel baskets. Children start life by being born instead of being "begat." The work has created much comment.

NEILL TO HEAD COUNTY HOME

Lisbon Man Is Appointed To Succeed Harris As Superintendent.

At a meeting called privately at which none were present but the members and the clerk, Columbiana county's board of commissioners Wednesday night appointed J. P. Neill of Lisbon as superintendent of the Columbiana county home to succeed Lyle B. Harris.

Wednesday evening the mail brought the report of the civil service commission of Ohio in which J. P. Neill of Lisbon, Evan Adams of Lisbon, and W. O. Bower of West township were certified as the three highest men in the examination for the position held here a week ago.

Clerk Johnson notified the members

of the board of the arrival of the certificates and a meeting was arranged. After an investigation of the standing of each of the men, the commissioners finally decided that Neill was the man for the place.

When seen Thursday morning Mr. Neill stated that he would go to the county home this afternoon to get a line on things preparatory to his taking possession Saturday, Sept. 1.

He stated that he had appointed his wife, Mrs. Anna Neill, to the position of matron at the home with the full consent of the commissioners and will make immediate preparations to move from his property on West Lincoln way, Lisbon, to the county home.

Lyle B. Harris, the retiring superintendent whose term expires Friday, has already begun moving his household goods and personal effects to his farm one mile north of Lisbon on the Lisbon-Franklin Square rd.

Football Player Drops Dead, First Casualty Of Year

Cleveland, Aug. 30.—What is believed today to be the first death resulting from this year's football season, occurred yesterday when Alphonso Blankiewicz, an East High School sophomore, dropped dead at the close of the first practice at Gordon park.

Too strenuous practice coupled with a weak heart is believed to have caused the death. Alphonso was "out for the team" and entered strenuously into the practice, according to other candidates.

At the close of practice the boys were told to take two laps around the track and while running around Alphonso dropped as if exhausted. When he failed to rise his team mates returned and found him dead.

The father said today the boy had never complained of a weak heart.

Postoffice Exams. For Positions Here

Examinations will be held at the postoffice from Sept. 4 to Sept. 15 for postoffice laborers and firemen, for the local office. Application blanks may be secured at the local office. Firemen's examinations are sent in direct to the postal commission for grading and acceptance. Applicants must be within an age limit of from 20 to 50 years.

Examinations for clerk carriers will be held on Oct. 6. This examination is held to supply an eligible list for positions in case that vacancies may exist in the local postal force.

Clerk carriers are paid from \$1,400 to \$1,800 annually. Information concerning this branch of service may be secured from literature posted in the local postoffice lobby.

Demand Resignation Of Albanian Cabinet

Vienna, Aug. 30.—An Albanian mass meeting at Volona demanded resignation of the Albanian cabinet, said a dispatch from that city this evening. The assassination of Gen. Tellini of the boundary commission has compromised the position of the Albanian government.

Eldon Vonneman, East High st., went to Jamestown, N. Y., Tuesday and that evening played with the Irving Pops orchestra. Mr. Vonneman plays the trap drums in this musical organization.

MAY EXHUME BODY OF SHOE DEALER

Prosecutor Investigating Death Of Prominent Cleveland Man.

Cleveland, Aug. 30.—An order may be issued today to exhume for further analysis the body of John L. Farris, wealthy shoe dealer found dead in the bath tub at his home last Sunday.

An investigation of the death is being conducted by Assistant Prosecutor Walter I. Crewson, who said today that unless some physician who might have attended Farris in his last illness could be found within the next few hours the body would have to be disinterred.

Five bullet wounds caused the death. A revolver was found near the body. Relatives of the dead man asked Crewson to determine the exact nature of the malady which attacked Farris three weeks prior to his death. Up to that time he had been unusually healthy.

STARK ELECTRIC MANAGER RESIGNS

After two years service General Manager Howard Witherspoon of the Stark Electric railroad has resigned to take effect Sept. 1. It was announced Thursday at the general offices of the company in Alliance. His successor will be an eastern traction man, it was learned, but company officials refused to disclose his identity.

Witherspoon has announced that several other operating officials of the railroad had also resigned and would be associated with Witherspoon in business but the rumor could not be verified.

President Milburn stated Thursday that a formal statement would be made soon regarding the changes.

Fire Drives Fifty Nuns From Convent

Pittsburg, Aug. 30.—One nun was overcome by smoke and 50 other nuns at St. Mary's convent were hastily driven from the building by fire which raged in the third and fourth floors at that institution here early today. Firemen carried out three nuns who were ill. The estimated damage is \$40,000.

DONAHEY BREAKS PLEDGES, DAVIS TELLS FARMERS

Unfit For Office Because Of Broken Word, Former Chief Says.

SPEAKER SCORES HIGHWAY PLEDGE

Former Governor Speaks At Meeting Of Grange And Farm Bureau.

Gov. Vic Donahey has failed to fulfill his campaign promise to build cooperator roads and should be punished by Ohio's voters like any pretender, Madison township farmers were told Wednesday afternoon by Harry L. Davis, former governor of Ohio, who spoke at a joint picnic of the Yellow Creek and West Point granges and the county farm bureau, held in George's grove, near Madison church. "Before he took office," Davis asserted, "the governor said he would build roads for \$6,000, \$7,000 and \$8,000 a mile. Since he became governor, nothing of the kind has been done. The awards made under his administration have all been for expensive construction. Whether he knew at the time he could not do it or whether he found out later, the fact remains that in having failed to fulfill his pledge he is guilty of false pretense."

Broken Promises
Building of roads for so low a figure, Davis declared, would be throwing state money away. He contended Donahey should have known it would be impracticable and costly to saddle a huge maintenance and reconstruction expense on the state merely to save money at the beginning. Nevertheless, he added, an executive who makes promises and then fails to carry them out is unfit for high office.

Commenting on the responsibilities of the governorship, the former governor, who it is reported may be a gubernatorial candidate next year, said that the candidate seeking high office should promise only that which he can perform, that to fail to do so would constitute false pretense and should be so treated, and that men in high place should give all their time to the job.

The governor, he said, must have some definite plan, some definite pledges he intends to keep; and he must disregard all political ambitions in order to put across his program against opposition.

The re-organization bill passed under Gov. Davis was praised by the speaker as an important step toward economy in state government. The present administration, he said, does not materially change it for fear of the wrath of the voters who have seen it bring a surplus into the treasury.

Referring to his own administration, former Gov. Davis urged that the final word as to whether a prisoner shall be electrocuted ought not rest with the governor alone, because of the unpleasant nature of the duty, but should be left to a commission composed of the governor and one other Ohio official. During his term 13 persons met death in the chair, he said.

With brief reference to his stand against Americanism, the importance of women in politics and enforcement of the prohibition laws, the former governor closed his address.

\$20,000 IS RAISED FOR CHURCH WORK

Excellent Reports Made At Quarterly Meeting Of Methodists.

In the last year the M. E. church has raised \$20,000, the amount including its general expenses and all benevolences.

This was shown in reports given Wednesday evening at the fourth quarterly conference, when reports for the year's work from the various organizations were read. The Woman's organization of the church contributed \$2,500 of this amount.

Reports given were very good and each one showed considerable advancement in its department.

Dr. B. L. George of Alliance, superintendent of the Canton district, gave a splendid sermon on "The Certainty of the Progress of Christianity."

H. A. Gross is the lay delegate to the annual Northeast Ohio conference of the M. E. church, which convenes at Cleveland, Sept. 1, for one week.

Conrad Heads Raiding Party In Youngstown

Prohibition Agent S. E. Conrad of East Palestine headed a large delegation of state raiding officers at Youngstown late Wednesday afternoon and evening. A number of alleged resorts were closed and some liquor confiscated.

Greece Will Offer \$2,000,000 Indemnity

London, Aug. 30.—Greece has agreed to pay \$2,000,000 indemnity for the Italian official of the Albanian boundary commission who were assassinated near Janina according to a Central News dispatch from Athens.

BOTH SIDES DISCUSS PINCHOT'S PROPOSALS FOR MINE PAY RAISE

Harrisburg, Pa., Aug. 30.—Miners and operators today in separate conferences will decide whether or not there is to be an anthracite coal strike Sept. 1.

Today the miners, with their full scale committee of 40 members, met at the Penn-Harris hotel here, discussing the four proposals made by Gov. Pinchot of Pennsylvania, seeking to avert the scheduled anthracite coal strike.

The operators in turn had gone to Philadelphia, where they were to meet today and pass upon the proposals submitted.

That the proposals favored the miners was the opinion at the state house here today, where Gov. Pinchot awaited the joint meeting of miner and operator set for noon tomorrow.

At that time the plans will either be rejected or accepted by both sides. Miners May Accept
At the state house today, where Gov. Pinchot waits for the joint conference of the two factions tomorrow it is generally believed the miners would accept the governor's proposals.

The stand of the operators was not so certain. It was pointed out by those close to the governor as well as union men and those known to be favorable to the operators, that all four proposals were concessions to the miners.

While the union asked a 20 per cent increase for contract workers and a flat raise of \$2 a day for all day men, the governor suggested but ten per cent. This was at least 2 1/2 percent more than the miners had expected to be offered.

The operators, it is believed would not object to paying this increase were they in a position to add at least \$1 a ton to the cost of coal.

Pass Rate On To Public
Previous to the governor's proposal, Samuel D. Warriner, chairman of the operators' committee, publicly announced that a 20 per cent wage boost, as asked by the miners, would

be rejected or accepted by both sides.

Public feeling has risen to fever heat. Italian press censorship forbids the publication of the movements of troops and warships. It is understood that Italy is preparing to send a division of soldiers to Piraeus whether or not Greece apologizes.

Premier Mussolini conferred with military officials at great length. The Italians are certain that the attack was directed against Italy and not against the boundary commission as a body.

Greeks Blame Albanians

Athens, Aug. 30.—At a meeting of the Greek ministers today it was decided to agree only in part to the demands made by Premier Mussolini of Italy in the Italian ultimatum. Greece, it was understood, would ask modification of the other demands.

President Gonatas of the government council, who was absent from Athens, began a study of the Italian note immediately after his return. He said he felt the greatest indignation over the murders and did not believe they had been committed by Greeks. President Gonatas said he believed the assassins were Albanians who were disgruntled over decisions of the boundary commission.

League May Act

London, Aug. 30.—Great Britain has indirectly suggested to Greece to appeal at once for a special session of the League of Nations to consider the Greco-Italian frontier dispute. A press dispatch from Milan said that the Greek consulate in that city was bombed and that the damage was slight.

Greece is ready to make reparations for the killing of five Italians, but will not consent to any act that degrades the Greek prestige and dignity.

Lisbon Postoffice Job Still Vacant

Lisbon, Aug. 30.—Although the civil service examination for postmaster at Lisbon was held about three months ago so far no nominations have been made to fill the position occupied by W. S. Potts at present.

Potts' term expired on Aug. 23, and it was expected that the nomination would be received some time this month, but so far the department at Washington has sent no word. The aspirants for the position who took the examination are: H. E. Marsden, secretary of the county fair association; J. P. Adams, former county auditor; Homer Deemer, deputy postmaster; Albert Webber, clerk in the postoffice; Willis Hays, a railroad mail clerk on the P. L. & W.

PRISONER MAKES DASH FOR LIBERTY; CAPTURED

Sheriff Halts Man After He Slips Out Of Coat, Darts Down Alley.

After a 4,000 mile trip, which included a 2,000 mile auto journey, Sheriff Gomer Lewis returned from Taos, N. M. Wednesday night, bringing with him A. H. Phillips of East Liverpool charged with stealing an automobile belonging to Bert Kerr of East Liverpool.

The party arrived in Lisbon at 12 p. m. Wednesday. Mr. Kerr driving the stolen automobile, the greater part of the return journey assisted by Sheriff Lewis as a relief driver. Phillips proved to be a very unruly

in turn cost the public \$2 a ton more on their coal bill.

The governor, in his proposal, said the operators could absorb at least ten cents of what he said would be a legitimate 60 cents a ton boost in the price of coal, should the new wage demand be accepted by the operators. The other 50 cents, he held, could be absorbed by transportation and distribution.

It was pointed out, however, that the governor is without power to regulate either transportation on the railroads or distribution costs as charged by coal dealers. Those same sources pointed out what they claim to be a joker in the governor's proposal—the statement that "if the public must pay this slight increase it" (Continued on fourth page.)

ITALIAN WARSHIPS CONCENTRATED AS SPLIT IS WIDENED

Italy Sends Ultimatum To Greece; Reparations To Be Offered.

Paris, Aug. 30.—Secret orders have been issued concentrating the Italian fleet at Taranto for a possible demonstration against Greece, said a dispatch from Turin today. Troop concentrations are reported from the interior of Italy.

The Italian government is awaiting Greece's reply to the 24-hour ultimatum demanding an apology and reparations for the killing of Gen. Tellini, head of the inter-allied commission, for delimitation of the Albanian border, and the four other members of his party near Janina.

Public feeling has risen to fever heat. Italian press censorship forbids the publication of the movements of troops and warships.

It is understood that Italy is preparing to send a division of soldiers to Piraeus whether or not Greece apologizes.

Premier Mussolini conferred with military officials at great length. The Italians are certain that the attack was directed against Italy and not against the boundary commission as a body.

Athens, Aug. 30.—At a meeting of the Greek ministers today it was decided to agree only in part to the demands made by Premier Mussolini of Italy in the Italian ultimatum. Greece, it was understood, would ask modification of the other demands.

President Gonatas of the government council, who was absent from Athens, began a study of the Italian note immediately after his return. He said he felt the greatest indignation over the murders and did not believe they had been committed by Greeks. President Gonatas said he believed the assassins were Albanians who were disgruntled over decisions of the boundary commission.

League May Act

London, Aug. 30.—Great Britain has indirectly suggested to Greece to appeal at once for a special session of the League of Nations to consider the Greco-Italian frontier dispute. A press dispatch from Milan said that the Greek consulate in that city was bombed and that the damage was slight.

Greece is ready to make reparations for the killing of five Italians, but will not consent to any act that degrades the Greek prestige and dignity.

FISH HATCHERY SITE IS LEASED

Fish And Game Body Will Meet Sept. 10 To Discuss Project.

The monthly meeting of the Columbiana County Fish and Game association will be held at Lisbon Sept. 10 to instead of Sept. 3 and at this time the Guilford dam fish hatchery will be discussed.

Announcement was made Thursday that the state fish and game department at Columbus has turned over money for the leasing of the site and the county association has completed the deal for the state. Everything is in readiness for the building of the project which will probably not be started for a year.

With the death of Acting Chief Bliss of the state department plans were temporarily delayed for the third time and are now at a standstill. Gov. Vic Donahey is reported to be in favor of the hatchery and it is believed the department officials will go through with the plans as formulated by Bliss when the county association's special committee was in Columbus about a month ago.

The Salem branch will meet Sept. 17, Sec'y C. Scott Chisholm announced Thursday.

September 7 Last Day For Filing Petitions

Friday, Sept. 7, is the last day that nominations by petition can be made, according to announcement made Thursday by J. W. Moore of East Liverpool, clerk of the county board of elections. All nominations must be filed 60 days before the election Nov. 6 and the time thus expires Sept. 7.

PUBLIC SCHOOLS TO OPEN SEPT. 10; PLANS COMPLETE

Teachers For All Grades Are Assigned By The Superintendent.

BOUNDARY LINES FOR EACH SCHOOL

New High School Addition Will Not Be Completed When Schools Open.

Everything is in readiness for the opening of the new school year in Salem Monday, Sept. 10. On that date the long summer vacation, a week longer than usual, will end and several thousand school children will take up their studies again.

Supt. of Schools J. S. Alan has assigned all teachers to their positions. With one exception, a vacancy in the second grade at Prospect st. caused by the recent resignation of the teacher, all grades and High school positions have been filled.

The hours will be the same as last year for all departments, classes starting at 8:45 a. m., running to 12 noon, and in the afternoon from 1:15 until 3:30. The addition at the High school will not be finished but the contractor has arranged so that all rooms used last year may be occupied and the High school will run on last year's schedule.

The six rooms will probably be ready for occupancy about Jan. 1 and will assist materially in relieving the congestion of pupils.

All High school pupils entering for the first time as freshmen or from other schools are requested to see Prin. C. M. Rohrabugh next week from Tuesday to Saturday in the mornings only, in the principal's office on the third floor of the High school building.

Boundaries For Pupils
"Tuition for out of the city students" is the same as last year for both High school and grades.

The boundaries for pupils of the first six grades will be as follows: West and south of Pennsylvania railroad tracks to Prospect st. building.

Grades 1 to 4 inclusive, south of Main and East of Ohio ave. to Columbia st. building; north of Main and west of Hawley to Fourth st. building; east of Ohio and east of Hawley to McKinley ave. building.

Grades 5 and 6, south of Main and west of Lincoln to Columbia st. building; north of Main and west of Garfield to Fourth st. building; east of Lincoln and Garfield to McKinley ave. building.

The middle of the street is the dividing line and pupils are expected to adhere to these rules.

All pupils in grades above the sixth go to the Junior High building on Fourth st. All High school pupils to High school on Garfield ave.

Teachers for this year are assigned by Supt. J. S. Alan as follows:

Prospect Street
First grade, Elizabeth Kelley, principal; second grade, to be filled, teacher, resigned recently; third grade, Camille Glass, fourth grade, Ruth Foltz, fifth grade, Dorothea Dunn; sixth grade, Alta Whinnery.

Columbia Street
First grade, Agnes French and Lena Beardmore; second grade, Augusta Filler and Dorothy Graham; third (Continued on seventh page.)

The Legion Cries Warning

THE American Legion calls for a world conference for the limitation of airplane construction for war purposes. It will conduct a national referendum to obtain the views of prominent Americans in regard to the advisability of holding such a conference in Washington.

These men know what airplanes in war means. They have seen what these engines of destruction can do.

According to Commander Alvin M. Owsley, France now has 140 squadrons of military flying machines and intends to have 240 squadrons by the end of 1935. Included in this armament are planes which carry 75-millimeter cannon, planes which can transport six machine guns and their crews, and enormous bombers, special fighting ships armored with battleship steel and actual troop ships of the air.

No wonder England does not dare give orders to France in the matter of the Ruhr. But England has just voted an extra \$27,500,000 to enlarge its air arm. Japan is building an imposing air armada. England must go on in competition with France. The rest of the world will be driven to emulate these two powers. We all want peace—industrial, commercial, economic and social peace—and yet the world is bending its every energy to construct the most terrible engine of war yet conceived in the brain of man!

Land and naval forces have been reduced—but what does such reduction amount to if the skies almost instantly can be filled with bomb-raining planes which are capable of destroying entire cities and provinces within the compass of a few hours?

These men who have tasted war in the greatest of human conflicts do not wish to see a recurrence of human strife. They see in the airplane rivalry a certain provocation to war. They are demanding a conference while it is yet time to save the world from another orgy of devastating madness. And the men of the Legion are asking America to lead the way in this most important movement. The nations cannot well do that. But America can do it. She led the way in the limitation of armaments of land and sea. She can lead the way with a greater blessing by inviting the nations to a conference which will agree to refrain from polluting the heavens by the use of super-monsters designed for human destruction.

20 YEARS AGO

(Issue of Aug. 30, 1913.)

While out hunting Saturday, George Woolf, Neward, was accidentally shot by the gun he carried. The bullet lodged in his shoulder but the wound is not considered serious.

A party of Y. & O. Electric railway officials drove to this city Sunday and remained over night.

The public meeting held Saturday evening at the Green st. meeting house was one of the best sessions of the Hicksite Friends Yearly meeting.

It is said the oyster crop will be short this year.

Howard S. Fawcett, who has been spending his summer vacation with his parents north of the city, returned last evening to Ames, Ia., where he is attending school.

Announcement is made of the transfer of W. M. Samuel, chief clerk at the mail office here, to one of the Cleveland plant of the company.

Atty. and Mrs. J. R. Carey and daughter, Elizabeth, have gone to Tiverton, R. I., for a short vacation.

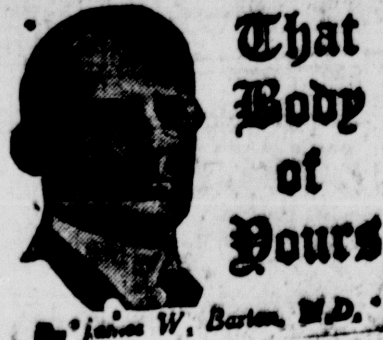

Louis Weirick, George Shriver and Monroe Younger have gone to New York city to attend the national convention of Eagles. Mrs. Weirick and Mrs. Theodore Bauer accompanied Mr. Weirick.

Mrs. Elizabeth Vickers, 82, wife of Thomas Vickers, died Sunday night of the infirmities of age at her home, Garfield ave. Mrs. Vickers was much interested in the anti-slavery movement and she and her husband took an active part in its advancement.

George Cooper returned Saturday from a trip to Winona Lake, Ind., where he spent about two weeks.

Lighthouse of Skerryvore, Scotland has a range of 18 nautical miles. First stove was made in Alsace in 1680.

Abraham Lincoln left an estate of more than \$100,000.

That Body of Yours

THE COMPLEXION

The complexion means a lot to everybody irrespective of age or sex. Here is that just as eyes, nose, mouth, hair and disposition vary with different individuals so does the skin also.

In some there is a fineness of texture that calls forth our admiration; while in others the skin is less fine and always will be.

Also many skins secrete more oils than others giving one almost a greasy appearance. Others are actually deficient in this quality and have a skin that looks to be baked or parched.

And so when you read in "Lucky" hints that hot water and soap should never be used on the face, you can understand that such advice might apply to a skin deficient in oil, but good soap and hot water would be an actual necessity to an oily skin.

If you live in the country, away from the dirt and dust, warm water once a day and cold water once or twice through the day should keep the skin in good condition.

Do you know that the skin of the face reflects usually the general condition of the body? You know also that a plentiful use of Epsom salts will so rob the blood of its constituents that the skin assumes a pallor that is so fashionable at times, at the expense of the actual health of the body.

So in the matter of your particular complexion you should just sit down and figure out a plan to make it the best that it can be made. You won't do more than that. Thus if you have a fine textured clear skin, don't spoil it with hot water and poor soap, and then use cold water to tighten up the skin which has been loosened by the warm water. If you have a dry skin your druggist will sell you a good oil soap. And remember that your complexion reflects also the condition of the intestine.

A person with pimples or blackheads must make every effort to have the intestines working regularly. Exercise such as walking in the outdoors is Nature's way of providing you with a good complexion.

Exposure to wind and sun calls for a good face cream that suits your particular skin.

A little face powder in the summer is a necessity and cannot do much harm. The skin is more than a covering. It is a piece of mechanism as is every other part of the body. Aid it, if it needs it, but don't interfere with it. If Nature has blessed you with a good complexion.

OPEN RACE FOR THE NOMINATION

ANY ONE OF NEARLY A SCORE
OF REPUBLICANS MAY BE
THE LUCKY MAN.

COOLIDGE LEADS THE LIST

New England Senator Explains That
President, to Be the Favorite Son of
That Section, Must Make Record
for Himself.

By EDWARD B. CLARK

Washington.—The death of President Harding has thrown open the field for entries in the race for the Republican presidential nomination to all men who have any public right of ambition. The whole political scene has changed and new actors quickly will enter thereon.

Here is an enlarged list, without prejudice, of possible and remotely possible candidates for the presidential nomination on the Republican ticket: Calvin Coolidge of Massachusetts; Hiram W. Johnson of California; Frank O. Lowden of Illinois; William E. Borah of Idaho; Robert M. La Follette of Wisconsin; Gifford Pinchot of Pennsylvania; Charles E. Hughes of New York; James W. Wadsworth, Jr., of New York; Arthur Capper of Kansas; Albert J. Beveridge and James E. Watson of Indiana; Irvine L. Lenroot of Wisconsin; Herbert Hoover of California; James Wharton Pepper of Pennsylvania; Leonard Wood of Massachusetts, now governor-general of the Philippine Islands; Frank B. Willis of Ohio, and Theodore Roosevelt of New York.

There may be others, but if so they have slipped present memory. It is a long list and it may be that no one of these men will receive the nomination of the national convention, and that some one yet unheralded who can present the proper qualifications as a compromise between warring factions and warring thoughts may be led into the race and given the prize.

In both the political parties the contest for the nomination is today a free-for-all. The Democrats, like the Republicans, have all kinds of difficulties to overcome and all kinds of antagonistic elements to placate before they can fix upon a man who shall meet the situation by being acceptable to all schools of democratic thought.

New England's Sentiment.

Your correspondent has just had a talk on the situation with a Republican United States senator from one of the New England states. Naturally it would be supposed that in New England Republicans would give this support to a son of New England. The son of New England now in the place of power and in the center of the field which men are watching is Calvin Coolidge. Will New England support Calvin Coolidge?

The Republican senator said that New England in one thing had been different from other sections of the country when it came to "favorite son" matters. He called attention to the fact that New England did not get anything like solidly behind Thomas B. Reed of Maine or James G. Blaine of the same state, or John W. Weeks or Leonard Wood, both of Massachusetts, when these men had Republican presidential aspirations.

Continuing, the New England senator said: "In our part of the country a 'favorite son' does not mean only the favorite son of a state but a favorite son of that section.

"When a New Englander seems to have a right to contend for the presidential nomination, he looks not alone to his state for support but to the states known under the New England name. If he cannot get much support he is not regarded as a favorite son. In other parts of the country it is different, except perhaps in the South where a Democratic candidate for the nomination generally aspires to be known as the favorite son of his section.

Not Yet Solid for Coolidge.

"New England all told has just two votes in the convention less than are given to the great state of New York. Therefore, if New England is solid it presents virtually as great a strength in the convention as New York does. This bloc of votes can be made extremely serviceable and may decide the nomination, either for its own or for the own of somebody else.

"New England expects Calvin Coolidge to make a record for himself as president, and yet New England is not at all solid today, apparently, in its sentiment in behalf of the nomination of the new President to succeed himself. If he shall take advantage of circumstances to make for himself a leader either by carrying out certain of the Harding policies which perhaps Harding himself could not have carried out, or if he shall have the opportunity to carry out some important policies of his own making, he will do the same thing; but the fact that President Coolidge is a New Englander in no wise means that necessarily he will have the New England support."

This talk with a New England senator is, perhaps, important politically only because it shows that President Coolidge, unlike men from other parts of the country, must meet the requirements of all the Republicans of his section of the country in order to get its support; otherwise New England may favor somebody else. It places has been a section peculiar unto itself.

BALANCE OF TRADE NOW UNFAVORABLE TO U. S. INDUSTRY

Imports From S. America
Cause Adverse Balance,
U. S. Reports.

Washington, Aug. 30.—American industry is facing an unfavorable world trade balance of approximately \$150,000,000, the department of commerce revealed today in a report on foreign trade.

A preponderance of imports over exports, chiefly to South American countries, resulted in the unfavorable total, it was stated. The figures, however, were taken to indicate a healthy condition in American industry be-

cause the increased imports were comprised chiefly of raw materials to be used in manufacturing finished products for foreign as well as home consumption.

U. S. Holds Europe's Trade

Increased importation of raw materials also were reported to indicate an increased activity and enlargement in American manufacturing. The materials imported were chiefly those which are not produced in quantity in this country. Losses in exports were accredited principally to the decreased buying power of several European nations.

Although the world trade balance was against American merchants, commerce with Europe was heavily in favor of the United States. The unfavorable total was caused by negligible exports to nations outside Europe.

The United States won against all European competitors, it was shown, because of the poor condition of their local industries and the better grade of goods offered by American merchants. The balance of European trade was won, too, by American in-

dustry despite the millions of dollars spent abroad by American tourists without return.

Total Trade \$1,800,000,000
American trade with Europe from January to August this year totalled almost \$1,800,000,000, it was estimated. Of this amount more than a billion dollars represented American exports shipped to markets abroad. The remainder—about \$750,000,000—totalled the amount of European products purchased for consumption in this country. Imports from Europe, incidentally, are constantly increasing. The report showed and for the first six months of 1923, were 40 per cent higher than in the same period of 1922.

The preponderance of imports over exports in American trade with South American and Oriental nations not only wiped out the \$300,000,000 European balance, but swung the world trade balance to about \$150,000,000 against American merchants. This total of \$450,000,000 was represented chiefly in America's tremendous imports from Pan and South America.

Purse Strings are alway open to Boys' Clothing like this

The notable thing about boys' clothes selling is not the number of people coming in but the number of boys' suits going out.

VALUE—that little word with five letters plus this new, clean stock of hundreds of suits is the best orator known to bring parents to immediate action.

If you have a son to clothe—no matter what you can afford to spend—come and let us show you how much you can't afford to lose.

Boys' Suits, one pair Pants, \$6.00 to \$10.00; with two pair of Trousers, \$8.50 to \$18.00.

School Shirts, \$1.00 to \$2.00.

School Waists 85c to \$1.50.

School Underwear, 50c to \$1.00.

School Caps 50c to \$1.50.

School Trousers \$1.00 to \$3.00.

School Sweaters \$1.00 to \$5.00.

School Stockings 35c to 50c.

SOCIETY

Engagement Announced

Mr. and Mrs. Bert H. Printz of Youngstown announce the engagement of their daughter, Miss Gertrude, to Solbert Greenberger, son of Mr. and Mrs. E. Greenberger, McKinley ave.

The bride-elect, who is well known socially in Youngstown, was graduated from Benjamin Dean school, New York. Mr. Greenberger is widely known in Salem. He was graduated from Salem High school and attended the University of Michigan. He is active in American Legion interests here and is interested with his father in the Golden Eagle store.

Honoring Miss Printz and her fiancé, Mr. and Mrs. Printz will be at home from 3 to 6 p. m. Sunday.

Pancake Reunion

Att'y. W. E. Foulks, of East Liverpool, gave the principal address at the 15th annual meeting of the Pancake family held Wednesday at the William Dunn farm, south of Negley, with 165 relatives present.

William Green of Rogers, president of the association presided at the meeting. Talks were given and sports including a baseball game, entertained. Some of those present came from Iowa, Illinois, Pittsburg, Beaver Falls, and Youngstown.

Next year's reunion will be held on the last Wednesday in August on the Frank George farm, near Rogers.

Dinner For Relatives

Mr. and Mrs. George Chappell, Sr., McKinley ave., entertained a company of relatives at a 6 o'clock dinner Wednesday evening at the Salem Country club, honoring Mrs. Fred Bushen and sons, Robert, John and Douglas, and Mrs. Frank Coy and daughter, Jane Ann, of Toledo. The other guests were Mrs. Edna Holloway, Pittsburg; Mr. and Mrs. Barber, Mr. and Mrs. Harry Haverland and daughter and Walter Woolman, Beloit, and Mr. and Mrs. Herbert Israel and Mr. and Mrs. Fred Dahls, Damascus. Games and music were after dinner diversions.

Shower For Bride-Elect

Miss Mary McMurray, whose marriage to Frank E. Griffin will be an event of October, was complimented with a linen shower Wednesday evening at a party given by Miss Esther Gross at her home, East Ninth st., which interested 12 friends of the honor guest. The evening was enjoyed socially and some time was devoted to sewing for the honoree. The hostess served refreshments.

Edgerton-Allen

Several Salem people attended the wedding of Miss Dorothy Edgerton, daughter of Mr. and Mrs. Howard Edgerton, Columbiana, and Howard Allen, Plainfield, Ind., Thursday morning at the Middleton Wilbur Friends meeting house.

Both young people are graduates of the Friends Boarding school at Barnesville and are well known among friends in this vicinity.

A Picnic Dinner

Twenty-two members of Circle 6 of the M. E. church were interested in a picnic dinner Wednesday at the home of Mrs. William Rogers and Miss Mary Rogers, North Georgetown rd. After a business session the guests went to the orchard where games provided a jolly time.

This circle planned to hold a bakery Saturday at the Security Building & Loan association, Main st.

Plan Rummage Sale

When members of Circle 3 met Wednesday afternoon with Mrs. Lewis Weaver, East High st., plans were made to hold a rummage sale the first week in October. A social period was enjoyed. The associate hostesses were Mrs. Orla McArthur, Mrs. Judith Jones and Mrs. William Gilbert.

Community Club Outing

There will be an afternoon and evening outing of the West Side Community club Saturday at the home of W. W. Luce, with a wiener and corn roast as a feature. Games have been arranged for the afternoon and the affair will interest members of the club and their invited guests.

Entertain Stars

Mrs. W. J. Wiggers and Mrs. Orlan Courtney were associate hostesses to the boys of the Stars class of the First Friends church, taught by Miss Pearl Binford, from 2 until 4 p. m. Wednesday at the Wiggers' home, Ellsworth ave. Games helped make the occasion enjoyable and a lunch was served.

Elliott-Drennen

L. T. Drennen, instructor in public speaking in Salem High school, was married Aug. 21 to Miss Cora Belle Elliott at Hudson, Mich.

Both Mr. and Mrs. Drennen are graduates of Ohio Wesleyan university and are residents of Hudson.

Moose Women

A covered dish supper in connection with a meeting Wednesday evening, Sept. 5, was planned Wednesday evening by Salem chapter No. 68, Women of the Mooseheart legion.

Miss Elizabeth Wirsching has returned to her position in the city waterworks office after a two weeks' vacation. Accompanied by Miss Mary Wirsching, Mrs. Philip Wirsching of Salem and Dr. Mary White of Cleveland she visited several eastern points and made a motor trip to Niagara Falls.

Mrs. N. A. Fauley has returned to her home in Adrian, Mich., after a two weeks' visit with relatives in Salem. Mrs. Fauley is an aunt of Mrs. William Taylor and Dallas Burns, this city.

Miss Helen Whinnery is enjoying a few days vacation from her duties at the Oriental company store.

Miss Rebecca Davis has returned home from Marietta where she spent the last week.

Misses Mary Henniger and Olive Vincent are attending the state fair at Columbus.

Grandmother Is Mayoralty Candidate

Mrs. Evangeline Duff, clubwoman and civic worker, of West Hoboken, N. J., is shown here with her two grandchildren, Marie and Beatrice Schreck. Mrs. Duff has announced her candidacy for mayor of her home city on the Democratic ticket. The children are the daughters of Mrs. Valentine Schreck, Mrs. Duff's daughter and secretary.

Goshen Harmony Club

Meeting Wednesday afternoon with Mrs. Tip Togan, on the Goshen Center rd. members of the Goshen Harmony club were interested in needlework and enjoyed the hours at visiting. The invited guests were Mrs. Louis Venable, Pasadena, Calif., Mrs. Lloyd Burton and Mrs. Cobbs. The last Wednesday in September the members will meet with Mrs. John Rupert, Goshen Center rd.

Guests at Supper

Mr. and Mrs. W. E. Townsend, Goshen rd. were hosts at a chicken supper Wednesday evening at which their guests were Mr. and Mrs. Howard R. Cook, Beloit, and Mr. and Mrs. Harry Groat, of Alliance.

To Entertain At Dinner

Mr. and Mrs. W. H. Vonneman will entertain at a 6 o'clock dinner Thursday evening at the Salem Country club. The guests, about 30, are office employees of the Fitch company in Youngstown.

Marriage License

Mary Elst and Mathias Leibhart, both of Salem, were granted a marriage license Thursday morning by Judge Riddle, and will be married by Rev. B. E. Rutzy at Salem.

Jesse Livezey, Edith Gamble, James Edgerton and Walter Edgerton and family were among those from the vicinity of Winona, who attended the Edgerton-Allen wedding Thursday morning at the Middleton Wilbur Friends meeting house.

Mr. and Mrs. R. C. Glass and daughter of Akron and Mr. and Mrs. N. C. Glass and daughter Miss Beulah Glass of this city have returned from a motor trip through Pennsylvania.

Mrs. Frank Godward and daughter Laura and granddaughter left Wednesday night for Los Angeles, Calif., after visiting here for the last two months.

Mr. and Mrs. L. A. Weaver of Winona and Mr. and Mrs. Lewis Weaver of this city are enjoying an automobile trip through southern Ohio.

Walter Cowan has resigned his position with the olden Eagle clothing store and has entered the insurance business.

Mr. and Mrs. G. C. Titus and children have returned from a motor trip to Cleveland and Akron.

Mrs. Alice Allen returned Thursday from a visit with relatives at Akron and Barberton.

BOTH SIDES DISCUSS

(Continued from first page.)

can well afford to do so instead of being without anthracite coal."

Other Proposals

The operators may accept this statement, grant the 10 per cent wage boost and in turn raise coal costs to the consumer.

The other three proposals were of minor importance.

The semi-check off is now in effect in many of the mines and a plan almost like that advocated by Gov. Pinchot is practiced at all mines. The governor's statement that the operators "should grant full recognition of the union" may prove a stumbling block in the acceptance of the plan by the operators.

There was little or no doubt about the state house, that the miners would accept this semi-check off plan.

The eight-hour day has been agreed upon, with minor restrictions. This, while a victory for the union, is not expected to meet even the slightest opposition from the operators.

The principle of collective bargaining is already recognized in the anthracite industry, it was pointed out.

Poor May Be Removed

Governor Is Advised

Columbus, Aug. 30.—Gov. Donahay may remove from office George T. Poor, Cincinnati Republican member of the State Utilities Commission, if he owns stock in a utility controlled by the commission, according to an opinion rendered at the governor's request, by Attorney General Crabbe. The governor is considering his action today.

The governor stated several weeks ago that Mr. Poor owned stock in the Cities Service Co., which the governor said controlled a number of utilities under the jurisdiction of the state commission. He asked the state attorney general for an opinion, whether stock ownership constituted grounds for removal of Mr. Poor.

Murray Meets Gov. Pinchot
In Strike Parley.

Because of his illness in Atlantic City, John I. Lewis, president of the United Mine Workers, was unable to attend the last-minute conference in Harrisburg, Pa., called by Gov. Gifford Pinchot, at the request of President Coolidge, in an effort to avert a strike in the anthracite coal fields. He was represented by Phillip Murray, vice president.

Killing Protested
By Allied Council

Paris, Aug. 29. — The inter-allied council of ambassadors today sent a telegram to Athens protesting energetically against the killing of Italian officials of the inter-allied boundary commission. Demand was made that the Greek government make immediate investigation.

MURINE CO., 9 East Ohio Street, Chicago

Revenue Officer Is
Strangely Slain
in Inn RaidThrilling Incident Pictured
In Dorothy Dalton's Picture "Fog Bound."

Officer Brenon of the U. S. revenue service was mysteriously shot and killed by an unknown assailant during a raid on an inn near Palm Beach, Fla., last night.

Acting on a hunch, Brenon went to Sheriff Holmes' office and enlisted the aid of Deputies Brown, Kane and others. When the officers arrived at the resort, however, they found no traces of liquor. Brenon suggested that someone had tipped off the proprietor.

In an ante-room just off of the main hall, was Roger Wainright, a wealthy New York man who owns the plantation next to Brenon's and who is deeply interested in the officer's beautiful daughter, Gale. In a scuffle with Congo, a "bouncer," who had attempted to rob Wainright of his wallet, a revolver was discharged, the bullet piercing the door.

In the hall Brenon who had shadowed Deputy Brown and discovered him accepting money as payment for tipping off the raid, drops dead. Brown sets out after the suspected murderer. But the all-important question arises: Did Wainright's shot kill Brenon? Witnesses declare that this could not be because of the position in which the officer was standing. He was at an angle from the door of the ante-room, and the bullet would have to travel obliquely to hit him. Again the question arises: Who fired the shot that killed him, and was it an accident?

The solution of the mystery is to be found at the Royal theater next Friday and Saturday in the Paramount picture, "Fog Bound," with Dorothy Dalton in the stellar role. The incident described is an outline of scenes in this interesting production by Irvin Willat. Warren Cook plays the role of Brenon, and Deputy Brown is impersonated by Maurice Costello. Roger Wainright is played by David Powell, the leading man, while the part of Sheriff Kane is in the hands of Jack Richardson.

Others in the cast are Martha Mansfield, Mrs. Ella Miller, Willard Cooley and William David. Paul Dickey made the adaptation for the screen from the story by Jack Bechdel. The photography by Henry Cronjager is a revelation.

CARD OF THANKS

We wish to express our humble appreciation to the friends and neighbors who so kindly assisted by word and deed in our late bereavement. To our life-long friend, Mr. Charles Bonnell, for his consoling words; to the Knights of Pythias lodge, postoffice employees and friends for the beautiful floral offerings; and to other friends who so generously donated the use of their cars. We wish to thank one and all.

STOCKS

CHEMICAL TAKES LEAP
New York, Aug. 30.—Rumors of a "corner" in Davison Chemical seemed to be confirmed today when the stock shot upwards 20 points at the opening of the stock market. The stock has had a steady advance since Monday, rising from 30 to 52 on heavy trading, generally attributed to pool manipulation. Today the stock sold at 71.

Following the rise there was a quick reaction in Davison Chemical to 50. There was a reactionary tone in the oil and railroad list at the advance but Industrials continued the advance which featured yesterday's close.

Steel stocks were inactive but strong. U. S. Steel advanced 1/4 to 33 1/4. Canadian Pacific declined 1/4 to 145 1/4, while Baltimore and Ohio advanced 1/4 to 30 3/4. Pennsylvania 1/4 to 43 1/4 and Southern Railway 1/4 to 23 1/4.

Casden Oil declined 1/4 to 31 1/4. Pan American was up 1/4 to 61 1/4. In the industrial Westinghouse gained 1/4 to 59 1/4. Continental Gas was down 1/4 to 48 1/4. Studebaker lost 1/4 to 107 1/4, while Willys-Overland preferred advanced 1/4 to 67.

COSTS MORE THAN LINIMENT. WHY?

For the same reason that gold costs more than brass, that diamonds cost more than glass, Enarco costs more than liniment—because, as doctors say, it is "a mile ahead of liniment". One cure writes, "I would rather have a few drops of Enarco than a whole quart of liniment".
Fine for aches and pains—money back if a fails.

Spend Your Winter Vacation On a COAST-TO-COAST TRIP
New York—Havana—Panama Canal—Los Angeles Harbor—San Francisco

San Francisco—Los Angeles Harbor—Panama Canal—Havana—New York

THE PANAMA-PACIFIC LINE

Offers the most inexpensive trip between New York and California. Rates including Berth and Meals—\$250 First Class, \$125 Second Class, \$100 Third Class.

All the benefits and attractions of an Ocean Voyage in mild and bracing latitudes. All the best trans-Atlantic standards followed in cuisine and service. All possible ship-board comforts, and plenty of space for recreation on these out-of-doors voyages. All the way filled with interest, with the decided novelty of being "lifted" from the Atlantic to the Pacific Ocean aboard a great liner.

Only sixteen days from New York to Los Angeles, eighteen to San Francisco—a 5,200 mile voyage on smooth seas. The call at Havana en route is decidedly attractive; this and the trip through the Panama Canal are pleasing breaks in the voyage.

POWERFUL WARSHIP PUT INTO SERVICE

Camden, N. J., Aug. 30.—One of the biggest and most powerful battleships in the world was added to the United States navy today when the U. S. S. Colorado, recently completed at a cost of \$27,000,000, was formally accepted from her builders and commissioned by Capt. Martin E. Trench, commandant of the Philadelphia navy yard.

The Colorado and her sister ship, the West Virginia, are the last super-dreadnoughts which the United States will put into service for at least ten years, construction of new battleships being prohibited during that period by the Washington naval treaty which authorized the completion of these great fighting machines.

The Colorado takes the place of the U. S. S. Delaware, which will be scrapped under the terms of the Washington naval treaty. In addition to the West Virginia, the Colorado has another sister ship, the Maryland, which was commissioned about two years ago.

CONTEST WINNERS AT VILLAGE PICNIC

Washingtonville Community Picnic Wednesday Was Great Success.

Washingtonville, Aug. 30.—The annual Community picnic was held at Eagleton's glens Wednesday. About 600 people spent the day at the grove. The program which consisted of sports began at 11 o'clock and continued until 5:30. Throughout the day the boats were in use by picnickers. The following is a list of events and the winners:

Fifty-yard dash—Boys 6 to 8 years, Harold Rohrer, Prize 50c, donor Mrs. Ann Thomas.

Fifty-yard dash—Girls 6 to 8 years, Agnes Murphy, box of gum, Lykoff's.

Wiener race—Boys 9 to 11 years, Teddy Helt, silver pencil, Bossert's.

Wiener race—Girls 9 to 11 years, Emma Dalrymple, box of candy, Bossert's.

Shoe race—Boys 12 to 15 years, first Walter Tordout, \$1.00; second, Harry Spear, 50c, Auto Machine Co.

Ball throw—Girls 12 to 15 years, Mary Dicken, vanity case, Weikart and Son.

Hop, Step and Jump—Men, James Fynes, \$1.50 trade, L. J. Davis.

Hop step and jump—Women, Margaret Baily, silk hose, McIntosh.

Walking race—Women, Helen Woods, casserole, Carl Weikart.

Cross arm race—Men, Harry Davis and John Bailey, hose supporters, Cooperative society.

Cracker eating contest—Mrs. C. C. Davis, sack of flour, McIntosh.

Pinning contest—Women, Mrs. Wilbur Elwonger, sack of flour, Cooperative society.

Tug of war—Married vs. single women, won by married women, 2 boxes of gum, Weikart's grocery.

Tug of war—Married men vs. single men, won by married men, cigars, Spears.

Guessing contest—Mrs. C. C. Davis 15 lb. ham, Johnson's meat market.

Ball game—Married vs. single men won by single men, cigars, Geo. Firth.

Ball game—Married vs. single women won by single women.

The ball game between the married and single men resulted in a score of 5 to 3 in favor of the unmarried men.

The single women won over the married women by a score of 16 to 5.

In the guessing contest there were 1990 beans in the jar, the winner guessing 1998.

Campfire Postponed

The campfire and wiener roast which was announced for Friday evening by the Epworth league has been postponed until next week.

Personal

Mr. and Mrs. Donald Jackson and family and Jacob Parry left early Wednesday morning by auto to visit relatives in West Virginia. They will return next week.

Mrs. Frank Urmon and children of Beloit are guests at the home of Mrs. Charles Vignon.

Jacob Moss and Matthew Moss and family of Salem were callers Wednesday evening at the Charles Vignon home.

Rev. and Mrs. C. C. Davis have for their guests this week the former's sister, Mrs. G. F. Ebel and children of Canton.

Misses Helen and Minnie Kyser, of Salem, were overnight guests Tuesday of Mr. and Mrs. Theodore Riddle.

Vernon Shice, of Lisbon, spent Sunday with Harry Archer.

Will Teach In Ada
Miss Charlotte Bosser will leave Friday evening for Ada, O., where she has accepted a position as teacher in the high school. She will teach history and English.

Miss Irene Bell returned from Salem Monday evening, having spent a week with relatives there.

John Smith Sr., is able to be up after an illness of two weeks.

Mrs. Thomas Wilkinson, who has been seriously ill, remains about the same.

The Lutheran Ladies' Aid society will meet this evening with Mrs. Thomas McIntosh.

Mrs. Glen Smedley of Youngstown visited the first of the week with Mr. and Mrs. Herbert Smedley.

Mrs. Leon Vignon shopped in Salem Thursday morning.

Thelma Vignon was a Leetonia caller Tuesday.

DAMASCUS

Mrs. Elmer Mead, Mrs. Alice Bye, and daughter, Mr. and Mrs. Elmer Pickett and Mr. and Mrs. Ed Fogg attended the Warren fair Wednesday.

Miss Ada Cope of Ravenna spent Thursday with Mr. and Mrs. J. E. Cope and family.

Miss Kate Hard, Youngstown, who has spent her vacation visiting at the home of Mr. and Mrs. Carl Hobson, has returned home.

Mrs. Jessie Neuman and family of Deerfield called on the Shaffer sisters Wednesday night.

Mrs. Leroy Shreve and Mrs. S. P. Garwood are ill.

The Standard Bearers of the Methodist church will hold a bake sale at the Morrow confectionery, Saturday.

Mr. and Mrs. Elmer Pickett, of Plainfield, Ind., are visiting Mr. and Mrs. Elmer Mead and family.

Obedient Instructions.

An old farmer had received an invitation from his squire and landlord to dine at the hall. But his two daughters, who had had some little education, strove their utmost to prevent his going, fearful lest he should make some slip and disgrace them.

However, he persisted, but in order that he might get through his dinner without discredit, they taught him such phrases as "Beg pardon" and "Present company excepted."

At the dinner the old man remained quiet for some time. At last he decided that he would say something.

Turning to a young woman sitting next to him, he said: "Why, miss, at my farm I have the grandest litter of pigs ever seen—present company excepted."

CHILDREN'S FRESH AIR CAMP CLOSES

Health And Vigor Restored To Children Of First County Camp.

The fresh air camp for undernourished children, which has been open all summer on the Hassler farm south west of Lisbon, closed Wednesday. All the camp equipment will be taken down and stored until next summer when the Columbiana County Health association will again make an effort to open the camp.

Twenty-four children attended the camp and every one of them, it is claimed, gained in weight and health during the outing. Further, every one of the youngsters was sorry when the word came that the camp was to be closed.

Each child has a new lease on life, thanks to the unremitting care of those in charge. They waded and ran, climbed trees and explored the surrounding woods to their heart's content all summer long. This coupled with the good food and regular habits of sleeping, literally made them over.

All this was made possible by the work of the county health association, headed by Atty. Charles S. Speaker of Lisbon and directed by some of the most prominent men of the county.

Lisbon Notes

Wants Contract Foreclosed

An action asking the sale of farm property in Knox township and the application of the proceeds to the payment of \$3,737.67 was begun in court by Gertrude Buck Bowman of Alliance against John Falt of Knox township yesterday afternoon.

The plaintiff states that Falt entered into an agreement to buy six 10-acre tracts belonging to the plaintiff and others, that the payments were to be made in installments and that the defendant has failed to continue these installments as he agreed. She asks that the contract be foreclosed and judgment entered for the sum set forth above, and after the property be appraised and sold to satisfy the claim.

Divorce Is Granted

After a short trial in common pleas court yesterday, Raymond Garwood of near Lisbon was granted a divorce from Irene Garwood. Garwood testified that ever since their marriage in 1912, his wife had not attended to her household duties and that for some time she had been out late at night with other men.

Daughter Is Born

Friends in Lisbon have received word that a daughter was born in the home of Mr. and Mrs. Frank Van Fossan of Warren. Mrs. Van Fossan formerly was Miss Mary Ewing of Lisbon.

Sunday School Outing

Members of the Bethel church Sunday school held an all-day picnic in a grove near the church, seven miles south of Lisbon, yesterday. Athletic stunts, a literary program and a big dinner were features of the outing.

Pays Tax And Fine

Frank Gessler of Leetonia was arrested yesterday by Deputy Sheriff J. F. Rollins, charged with being delinquent in paying his dog tax. The man was brought into the court of justice and fined \$10 and costs. Gessler paid his fine and also the dog tax. The officials in charge of the collection of this tax have been combing the county for delinquents and it is hinted that several more arrests will follow.

DEIBEL AND J. WELLS

Continued from First page

him give exhibition shots failed because he did not have his clubs.

Thursday Kirkwood and Walter Hagen were scheduled to play Emmett French and Joe Wells at the Porage club in Akron. Wells and French were the winners in a previous match played at East Liverpool.

Much praise for the condition of the Salem course was voiced by all the players and by Joe Kirkwood. The latter declared it was a wonderful course and that it had great possibilities. For a two-year-old course he said he never saw anything that would come up to it. French also said he considered the course one of the best, for its age, he had ever seen.

President W. H. Dunn of the Salem Golf club announced Thursday that the club is yet unable to report on the financial success of the day, but prospects are for a profit to the club of nearly \$150.

YOUR FRECKLES

Now Is The Time To Get Rid Of Those Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength is guaranteed to remove these homely spots. Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.

Quaker Puffed Wheat

Quaker Puffed Rice

Exploded Grains

Airy, flaky—8 times normal size

Quaker Puffed Wheat is whole wheat steam exploded. Over 125 million steam explosions are caused in every kernel. Thus the food cells are broken for easy digestion. The grains are puffed to airy globules, flaky, flavorful food confections.

Quaker Puffed Wheat in milk forms the supreme dish for all. It makes whole wheat and milk so enticing that children revel in them. Everyone enjoys them.

Whole wheat supplies 12 minerals which growing children must have. Also their need of bran. Milk is rich in vitamins.

Quaker Puffed Rice—airy, thin and nut-like—is the finest breakfast dainty ever served.

These are matchless foods, fascinating, hygienic. And people welcome them morning, noon and night. See that they always get them.

THEATRES

"Alice Adams" Florence Vidor believes that Booth Tarkington's "fascinating" heroine "Alice Adams" will live for years along with other famous women of literature, such as "Camille," "Charlotte Brontë," "Jane Eyre," "Blackmore's Emma," "Lorna Doone," "Edna Ferber's Emma," "McChesney and Mary Roberts Rinehart's Tish and Bab."

Miss Vidor feels that she has been especially privileged to characterize "Alice Adams" on the screen, and into her delineation of the small town girl who tried to keep up appearances before the snobs who had been her friends until they became rich, she has put much study and sincerity.

"Alice Adams" won the much coveted Pulitzer prize for being the best American novel published during 1921 which best presented the wholesome atmosphere of American life and the highest standard of American manners.

"Alice Adams" is released by Associated Exhibitors as an "Encore picture" and will be shown Friday and Saturday at the High school auditorium.

MINSTRELS OPEN FALL SHOW SEASON

The local fall theatrical season opened Wednesday night when John W. Vogel's Gus Hill and George Evans "Honey Boy" minstrels played before a capacity house at the Grand theater.

Preceded by a concert on Main st., the show opened with an introductory scene in "The Radium Palace," with Clyde Chain of Salem as master of ceremonies. Chain received much applause for his work as interlocutor and for his song "Honey Time," during the first set.

Homer Meachum and Billy Williams principal end men, delighted the audience with their funny antics and jokes. Bart Crawford, another black-face comedian, made a big hit with his "Stingo Stingo Bug."

The second part of novelties opened with a clever roller skating act by two big time performers, one of the real bright spots of the show, the Gertie Brothers. A jazz orchestra, the Empire State Eight, an eastern college aggregation, easily carried off the honors of the second half. Attempts at melody by the Avalon Four, some nonsensities by Homer Meachum and a short sketch properly billed as an absurdity, "The King of the Bole Isle," ended the show.

CIRCUS WILL SHOW ON FIFTH STREET

Miss Lottie LeClair and Miss Ethel Chase are two of the four prima donnas with the Al. G. Barnes four-ring wild animal circus which comes to Salem Friday for two performances. They appear in the spectacle, "Alice in Wonderland," which is the feature of the Barnes circus.

Hundreds of people, almost countless animals, giants, Lilliputians, strange people from all quarters of the world, and a singing and dancing chorus of California beauties, combine to make this the most elaborate spectacle ever offered under a circus tent, the Barnes press agent declares. Twelve hundred animals, 1000 people and 500 horses are included by the Barnes circus, and every one of the 110 acts has an animal background. The circus will show in the field at the eastern end of East Fifth st.

MANY GRADUATES TO ENTER COLLEGE

All But Two In Leetonia Class Prepare For College Year.

Leetonia, Aug. 30.—From a class of 15 graduates from the Leetonia High school in June, 1923, the following members will continue their education in colleges:

Harold Alvin Conrad, Heidelberg university; James Milton Ciminelli, Miami university; Mary Ciminelli, County Normal school; Anthony Francis Dean, Notre Dame university; John Thomas Gaughan, Duquesne university; Gaitenna Lois Godfred, hospital, Johns Hopkins university, Baltimore; Helen Alice Hendricks, City hospital, Youngstown; Marcus Stanley Holt, Wittenberg university; Harry Clifford Laughlin, Miami university; Regis Ignatius Lavelle, Notre Dame university; Margaret K. Neihel, Salem Business College; Anthony O. Nicolette, Chicago School of Physical Education; Marian Kathryn Weidmayer, Thiel university, Greenville.

Supt. E. P. Stonebraker, with his splendid corps of High school and elementary teachers raised the last year's work to a higher standard of excellence than had been done in any previous year. Leetonians are pleased to have Mr. Stonebraker take up the work this year and are looking forward with interest to the results of the coming school year which opens Sept. 4.

Mrs. Morris Baker was a Columbian shopper Tuesday.

Miss Ada Heaton visited Columbian friends Tuesday.

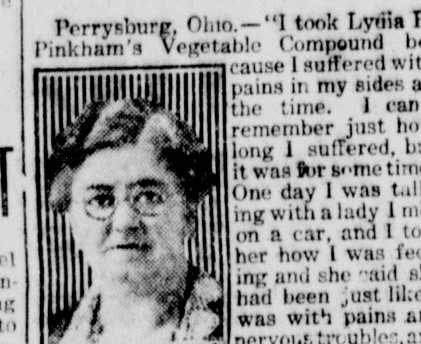

Boost Chautauqua

An automobile parade headed by the Cornet band passed through Leetonia at 8:30 p. m. Tuesday. It was learned to have been enthusiastic Columbianians who were boosting the chautauqua which will hold forth there within a short time.

Women Tell Each Other How They Have Been Helped by Lydia E. Pinkham's Vegetable Compound

Perryburg, Ohio.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my sides all the time. I can't remember just how long I suffered, but it was for some time. One day I was talking with a lady I met on a car, and I told her how I was feeling and she said she had been just like I was with pains and nervous troubles, and she took the Vegetable Compound, and it cured her. So then I went and got some, and I certainly recommend it for it is good. Whenever I see any woman who is sick I try to get her to take Lydia E. Pinkham's Vegetable Compound."—Mrs. Ada Frick, Route 3, Perryburg, Ohio.

In nearly every neighborhood in every town and city in this country there are women who have been helped by Lydia E. Pinkham's Vegetable Compound in the treatment of ailments peculiar to their sex, and they take pleasure in passing the good word along to other women. Therefore, if you are troubled in this way, why not give Lydia E. Pinkham's Vegetable Compound a fair trial.

Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have had in the past. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had no doctor. Only a nurse was had and I was in only a few minutes. The 'Mother's Friend' is our mothers and grandmothers old friend and we, women today, and meanwhile write to Highland Patent Co., P. O. Box 46, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. 'Mother's Friend' is sold by all drug stores—everywhere."

Now You Have the Way to Make Your Fireplace Beautiful

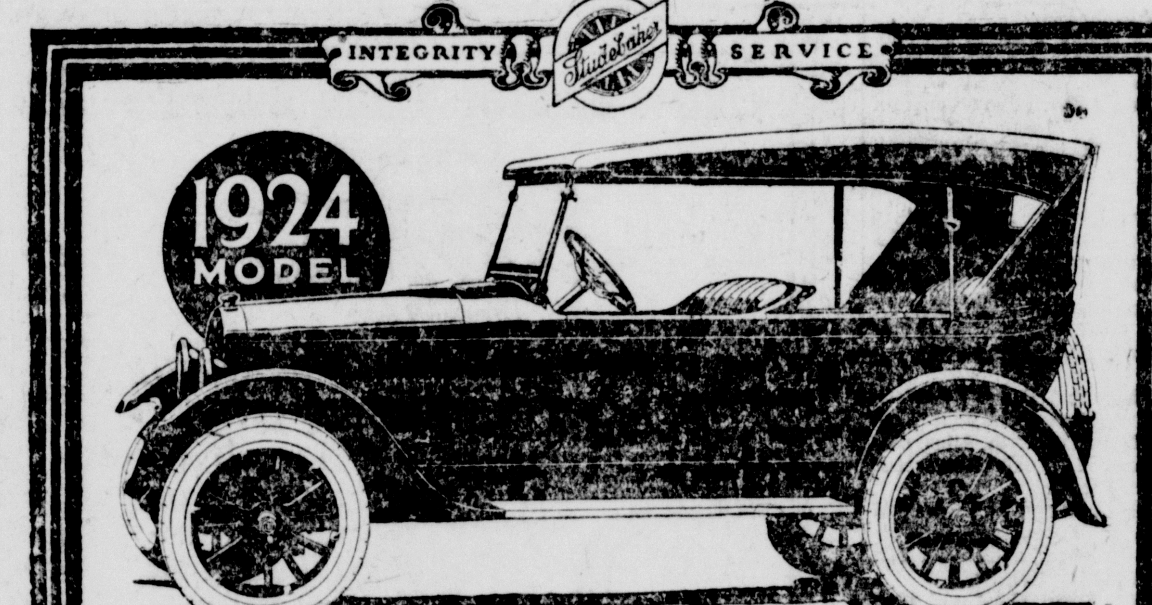

No wonder people become so enthusiastic over a Radiantfire. The utmost in comfort and convenience—economical, because it enables you to save from one to two tons of coal each winter—remarkably beautiful by day or by night, this wonderful new discovery in home heating is a never-ending source of pleasure and satisfaction.

Every member of your family will enjoy its instant heat. Your friends will marvel at the beauty of your fireplace and the amazing warmth they feel from the incandescent radiants. As for yourself—no more trouble fixing a grate fire, no flying sparks, no ruined draperies, no messy ashes. Just pure, healthful heat from a scientific gas burner that is absolutely odorless.

Come in and see a Radiantfire today. See for yourself how superior it is to any heating device you have ever seen.

There is a size and style of Radiantfire to meet every requirement, from the inexpensive portable type to art models for artistic fireplaces. See the many attractive designs in our showrooms.

THE STUDEBAKER LIGHT-SIX FIVE-PASSENGER TOURING CAR \$995

130,000 Owners Know the Value of this Studebaker

Every unit in the new 1924 Studebaker Light-Six Touring Car has proved its dependability in public use.

There are refinements and improvements of course, but the underlying principles of design and construction which have made enthusiasts of 130,000 purchasers of this model in three years' time, are not radically changed.

In our opinion, the 1924 Light-Six stands out as the greatest value and closest approach to mechanical perfection in moderate priced cars yet produced.

It is practically free from vibration. Studebaker accomplishes this largely by machining the crankshaft and connecting rods on all surfaces. This requires 61 precision operations. It is an exclusive Studebaker practice on few other cars—and is found only on a few other cars—and they're priced above \$2500.

Absence of vibration prolongs car life, causes slower depreciation, reduces the cost of operation and adds to the enjoyment of driving.

The Light-Six motor embodies the most advanced design known to automobile construction. It represents an achievement in the manufacture of quality cars in big volume.

Aside from its mechanical excellence, the Light-Six is handsome in design, extremely comfortable, sturdy and economical to operate just as it is in initial cost. It is powerful, speedy, has a pick-up range that is seldom taxed and never exhausted, is easy to handle, and convenient to park.

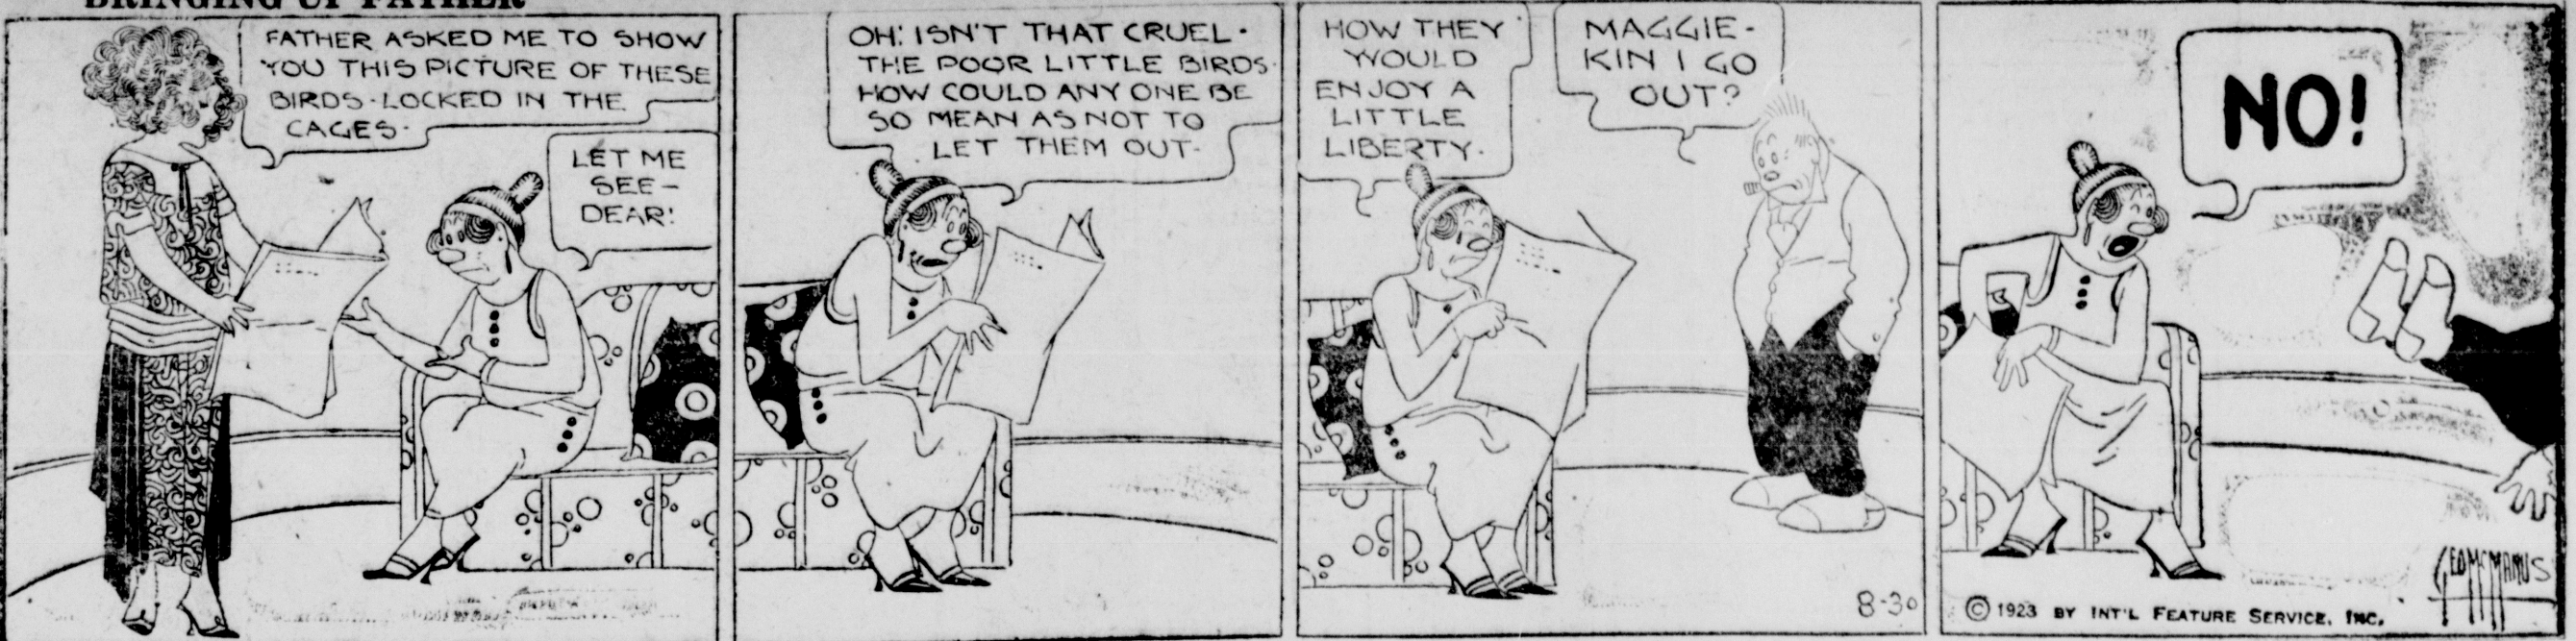

Its enameled all-steel body, one-piece, rain-proof windshield, ten-inch cushions upholstered in genuine leather, and cowl lamps are among many features heretofore to be had only in higher priced cars.

For 71 years the name Studebaker has stood for unflinching integrity, quality and value.

SUPPORT FOR COX SEEN BY OHIOANS

Other Leading Democrats
Also Have Strength,
Writers Admit.

Cleveland, Aug. 30. — Because of "his great executive ability" and the fact that the League of Nations will "undoubtedly" be the issue and he is its strongest advocate," as well as from reasons of personal friendship and state pride, Gov. James M. Cox, defeated Democratic candidate for president in 1920, is the leading presidential candidate revealed in the poll of more than 70 editors of Ohio newspapers.

However, other men prominently mentioned for the Democratic nomination come in for favorable comment, notably William G. McAdoo, president Wilson's son-in-law; Sen. Samuel R. Houston, secretary of agriculture and secretary of the treasury in the Wilson cabinet, each were thought strongest by one editor.

Henry Ford, conceded by editorial commentators, to be potentially a strong candidate should he be nominated, is not believed by editors to have more than an outside chance to get Ohio's big delegation in next year's convention, but every one who mentioned him believed that he would make a surprisingly long race should he be named or decides to make the race as an Independent.

John W. Davis, former West Virginia congressman, solicitor general

GAINS 22 POUNDS IN WEIGHT

Remarkable Gain by J. D. Douglas
Proof of Wonderful Powers of
Nerv-Worth as Strengthener and
Builder.

"I weighed only 128 pounds after recovering from the 'flu' last year," said J. D. Douglas, Canonsburg, Pa., "and I had no appetite, and was very weak. My wife induced me to try Nerv-Worth, which I did, and the first bottle helped me so much that I bought another, and during this time I gained 22 pounds. I can cheerfully

Sold and recommended by Bennett's and Treat's.

to Great Britain, was named by two of the United States and ambassador editors as the most available man for the highest place on the ticket.

Gov. Al Smith of New York; Wm. Randolph Hearst, New York publisher; David Houston, secretary of agriculture and secretary of the treasury in the Wilson cabinet, each were thought strongest by one editor.

CATARH

Catarh is a local disease greatly influenced by Constitutional conditions. HALL'S CATARRH MEDICINE consists of an Ointment which gives Quick Relief by local application, and the Internal Medicine, a Tonic, which acts through the Blood on the Mucous Surfaces and assists in ridding your System of Catarh.

Sold by druggists for over 40 Years.

Stop Neglecting Your Eyes

We often hear such remarks as these, when examining eyes. "I have been putting this off for months. I waited until I couldn't stand it another day."

Your eyesight, next to life itself, is nature's greatest gift. You can't afford to neglect it. Don't delay until headaches or failing sight compel you, but have your eyes properly examined now.
